

1. K-Love is the only radio station that is Christian based. I listen to K-Love from the minute I get into my car each morning. At work until I leave and on the way home. I think it is very important for my children to listen to Christian music as well. I do not like what secular music lyrics teach my adolescent children.

2. This station is the only Christian station that can be picked up in this area. To remove it would not be fair to those of us that listen to it. There are tons of Country, Rock, Heavy Metal, Rap, Hip Hop stations for listeners to choose from, but 1 christian.

3. The secular music is very different from what it was when I was growing up as is the Christian music. The lyrics now promote violence, foul language, disrespect, to name a few of the issues. Likewise, christian music is different from what it was when I was growing up. Gone are the slow, drawn out, yet beautiful hymns like Amazing Grace. They promote a relationship with God. Praise and Worship of our God are important. It is our right. We can't talk about God at our workplace too much, our children can't talk about God at school. WE have taken God out of everything, why can't we have our radio station to listen to as we choose.
